Information technology Technician Profile

CAREER AND PROFESSIONAL GOALS

I want to pursue a position as a Full Stack Developer. I am ambitious and quickly learn new things. I always prioritize communication and a proper understanding of others. My priorities are the reliability and timeliness of the work I complete. I have knowledge in software development using C#, .NET, and the Vue.js front-end framework. I am fluent in English. My goal is to continue developing my programming skills and gain experience working on various projects.

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
